cafe mambo ibiza

For over 20 years now, Café Mambo has been hailed as the place to party on the sunset strip in Sant Antoni, Ibiza. With an unrivalled reputation built from hosting many of the worlds greatest DJs over the years combined with its front line view towards those world famous sunsets, it is estimated Café Mambo has attracted as many as 25 million passers by since its humble beginnings. Some of the star names who have graced the decks at this Ibiza institution include Pete Tong, Swedish House Mafia, Bob Sinclar, MK, David Guetta, Martin Solveig, Tiesto, Hardwell, Eric Prydz, Fatboy Slim, Steve Aoki alongside many more. The iconic coastline venue has also organized a variety of special events, including BBC Radio 1's 20th anniversary in Ibiza, and the charity event Mambo in the Mix, whereby superstar DJs turn their hand to serving drinks and food while the public make donations to take turns on the decks in aid of the Red Cross. This year Café Mambo celebrates its 23rd summer with the same legendary sunsets and an exciting summer lineup, making it a must for anyone who comes to Ibiza on holiday.

mambo on tour

With the success of the brand with its international clientele in Ibiza, it was only a matter of time before Café Mambo succumbed to the demands of its fans and took the brand international. In February 2013, we started with 'Mambo on Tour', with the idea to share the Mambo Ibiza feelings and happiness all around the world. Today we're excited to be offering venues and promoters world wide the opportunity to share in the continuing success story of Café Mambo and to bring our world class DJ's and unique party experience to your city. We are really excited looking at our calendar for this year and can't wait to see where the journey will take us next

We have driven significant increases to our engagement levels by focusing heavily on video content and by investing in the latest technologies to lead the way. We pioneered Facebook Live heavily in Ibiza around our infamous sunsets and live DJ performances every night of the summer and also recently introduced our first 360 camera to give our followers an up close and real experience of Café Mambo.

We now stand almost in a league of our own with engagement levels that rank us above most other venues in the DJ Mag Top 100 club list.
